One grain of the active principle in Mo 2,000 grains of meat, eggs or other wholesome food, and this claim has been proven by actual experiment anyone can perform for himself in the following manner: Cut bard belief eggs into very small pieces, as it would be if masticated, place the egg and two or three of the tablets in a bottle or jar containing warm water heated to 98 degrees (the temperature of the body) and keep it at this temperature for three and one-half hours, at the end of which time the egg will be as completely digested as it would have been the healthy stomach of a hungry

The point of this experiment is that what Stuart's Dyspepsia Tablets will do to the egg in the bottle it will do to the egg or meat in the stomach, and nothing else will rest and invigorate the stomach so safely and effectually. Even a little child can take Stuart's Tablets with safety and benefit if its digestion is weak, and the thousands of cures accomplished by their regular daily use are easily explained when it is understood that they are composed of vegetable essences, asentic pepsin, diastase and Golden Seal, which thoroughly, giving the overworked stomach a chance to recuperate.

The game was notable for its clean, straightforward playing, and for the number of men injured. Stanford suffered the most in this respect. Vansickies was the only man seriously hurt. He had an arm broken shortly after the game began. Bansback, Weller and West of Stanford and Allen of Colorado were also hurt, and retired from the game. None of them were seriously injured, however. The honors of the game for Stanford were divided between Trowbridge, Weller and Dole. Trowbridge made two touchdowns and kicked four goals. Weller made two touchdown and kicked a goal from the field.
